## SAN FRANCISCO FIRES ALL OUT

### CARE OF HOMELESS AND CLEANING UP BEGINS.

### Special Trains and Boats Pouring Into City with Supplies—No Fear of a Dearth of Food

**ANOTHER SHOCK.**  
San Francisco, April 23.—A sharp earthquake shock was felt here at 11:39 to night. It lasted about three seconds and was from east to west. No damage reported.

San Francisco, Cal., April 23.—Sunday passed in San Francisco with no halt in the relief work which is going on on all sides. For the first time since last Wednesday morning there were no fires in the city, the last one burning itself out before daylight yesterday morning. All energies can now be turned toward taking care of the homeless people and in rebuilding the city.

Special trains and boats from all Pacific coast points are pouring into San Francisco, and there is no fear of a dearth of food. The committee of food supply this afternoon reported that every homeless person in the city had been supplied with both food and drink, and there is no suffering along these lines. Thousands have also been supplied with clothing, but many thousands are yet in need of clothes of all kinds. The Pacific mail steamer China, with a full cargo of rice, ten and oriental goods, reached San Francisco Sunday morning and in the afternoon discharged her cargo duty free. This will be distributed among the Chinese and Japanese, who are unable to eat American foodstuffs. The government authorities are permitting food and clothing to be sent ashore from any boat without paying duty or being examined.

**RELIEF PROVIDED.**  
Supplies and cash so far received, together with those pledged by telegraph, amount to \$1,500,000, and this amount is growing hourly. Every man discovered idle is placed at work cleaning debris from the streets, especially from Market street, it being the intention of those having this work in charge to make this great thoroughfare safe from end to end and to make it the great central artery through which work can be carried on between different portions of the city. Four sightseers were dragged from an automobile on Market street Sunday afternoon and, despite their elegant clothing, were placed at work cleaning the streets. The auto was confiscated, loaded with provisions and started for Golden Gate park. The automobilists were worked under military guard.

**LESS SICKNESS.**  
The board of health Sunday afternoon reported less sickness than on Saturday, and says there is much less sickness than expected. Physicians and nurses from all over the state have been arriving for three days, and there is no lack of medical attendance, although medicines and bandages are needed. The entire military hospital corps of the state of Oregon came in Saturday night by special train and were set to work among the sick and injured.

The famous Cliff house, one of the show sights of San Francisco, contrary to earlier reports, is not destroyed, and, in fact, is only slightly injured. Five hundred dollars will place the building in thorough repair again. The great Sutro baths, near by, with its acres of window and roof glass, is also practically uninjured, and has been placed at the disposal of the committee for hospital purposes. Yesterday street cars began running on the Fillmore street line. No fares were collected. Two other lines were placed in commission Monday morning, although horses will have to be used as motive power.

**JAP KILLED IN DRAMATIC MANNER.**  
A dramatic incident occurred Saturday night when an unknown Japanese, who had taken refuge behind an overturned wagon, opened fire with a pistol on the military guards. Fifty shots were fired, and the Jap was finally killed. He is supposed to have been insane.

The water supply for the city is being satisfactorily settled, and within three days it will be at least one-half the normal, which is 32,000,000 gallons daily. The trouble with the water supply is not so much to get the water as to distribute it properly. Water mains in all portions of the city are broken and these breaks must be located and repaired before the full service can be restored.

**TWENTY-THREE BIRTHS.**  
In Golden Gate park Sunday were born twenty-three children—the mothers, for the most part, being housed in tents. Some of these were children of the slums, while others, if born a week ago, would have been heirs to millions. All are now treated alike, however.

Some of the great business blocks are not so badly injured as at first reported. The Rialto building will be rebuilt only in its rear wall, the front and sides being intact. The great Merchants' exchange, the handsomest and most costly building in the city, which was reported as fully destroyed, can be repaired at only a nominal cost. The \$3,000,000 Fairmont hotel can also be repaired with comparatively small cost, and a \$500,000 addition has al-

## TURN ATTENTION TO THE FUTURE

### NEW SAN FRANCISCO WILL NOW ARISE.

**Walls Are Being Razed and Ground Cleared for Construction of New Buildings—Feeling of Uncertainty Cleared Away.**

San Francisco, April 23.—The new San Francisco, which will rise from the ashes of the old, was in its first stages of rebuilding to day. After five days of confusion and almost superhuman effort on the part of citizens in the great task of sheltering, feeding and otherwise caring for the homeless thousands, complete order has been re-established and attention turned to the future. Throughout the business section walls were being razed and buildings that stood the test of the earthquake and fire were being inspected with a view to re-occupation, and ground was being cleared for immediate reconstruction of new buildings. Assurance of insurance companies, measures taken by financial institutions, the prompt and reassuring word that had reached business men of San Francisco from eastern financial centers, all these things went to clear away any feeling of uncertainty that might have existed.

The general situation suffered a setback early to day because of a chilling rain, which fell last night and early to day. While the rain caused considerable suffering for the homeless, conditions were quickly ameliorated by the prompt action of every relief committee doing duty, as well as by voluntary acts of householders wherever it was possible to accommodate homeless ones. People were fed to day in a thoroughly business like and systematic manner. From the water front, where boat loads of provisions were docked, there was an endless procession of carts and rags carrying food to sub-stations established throughout the city and in the parks. At these stations food and drink were served to all those who applied. About 1,500 tons of provisions are being moved daily from the water front. Large supplies of blankets, tenting and other material to provide coverings for those who have been scantily supplied heretofore are reaching supply stations rapidly. Barracks have been completed at different points and in these many people have found comfort and shelter against inclemencies of the weather. The general health conditions are most satisfactory. The most encouraging feature is the absence of anything like an epidemic of disease of any nature whatever.

### ENCOURAGING

### General Funston Reports Situation in San Francisco Better.

Washington, April 23.—In a dispatch received at the war department to day, General Funston says the situation in San Francisco was much better to day than it was yesterday and reports of his inspectors are encouraging. Troops have been so distributed as to cover more than half of the city and this territory includes buildings and commercial houses containing vaults and stores of great value. The postoffice, which is outside of this district, is also under the charge of federal troops. Food supplies, tenting and blankets are beginning to come in very rapidly and in a very few days it is believed sufficient supplies of all kinds will be regularly distributed daily.

### SUES LABOR UNION

Racine, Wis., April 23.—A suit of great importance to labor unions generally was begun in the circuit court here this afternoon. Otto H. Schultz has sued Benjamin Drennon of the Bakers' and Confectioners' union and 100 members of other unions for \$25,000 damages. Schultz is the owner of a large bakery in Racine. He refused to unionize his store or shop or place the union label on his bread. He alleged he was placed on the unfair list and lost heavily in trade.

### RECALLED IN TESTIMONY.

Washington, April 23.—Associate Justice McKenna of the United States supreme court and Mrs. McKenna have, on account of the disaster in San Francisco and lack of tidings from Mrs. McKenna's father and Justice McKenna's brother, both of whom live in San Francisco, recalled the invitations to the wedding of their daughter, Marie, to Davenport Brown, of Boston, April 25th. The wedding will take place in the presence of only relatives of the bride and groom.

### THE D. A. R.

Washington, April 23.—The national board of the Daughters of the American Revolution to day elected Mrs. Elizabeth F. Pierce, of this city, recording secretary general, vice Miss Mary Desha, who resigned Saturday.

### WELLMAN'S FAREWELL

New York, April 23.—A farewell reception to Walter Wellman, who is to attempt the discovery of the north pole with an airship, was given by the New York Motor club to night. Wellman sails for Europe to-morrow. The explorer will be accompanied by Maj. Henry Herche, who represents the weather bureau and American Geological society in the expedition, and William Smith, a wireless telegraph expert, who is to be one of five men in the airship on its flight to the pole. The expedition will start from Tromsø, Norway, about June 20th, on the Frithjof, an ice steamer used by the Zeigler relief expedition, from North Spitzbergen, from which place the airship expedition will start, at a date yet to be determined. Wellman received a telegram from President Roosevelt wishing him success and a safe return.

### SUTTON DEFEATS SCHAEFFER.

New York, April 23.—In the play-off of the tie for second prize in the billiard tournament, Sutton defeated Schaeffer by a score of 500 to 237.

### STUBBORN COUGHS.

A cough which lingers on long after every other symptom of a cold has disappeared should have attention as it indicates some threat or lung trouble and may result seriously. Mr. Alexander McMillan, of Maple Ridge, Mich., recommends Chamberlain's Cough Remedy for this trouble. He says: "I used this remedy for a stubborn cough with the best results and I think there is nothing like it. I cannot speak too highly of it." For sale by all leading druggists.

## MADE FALSE REPORTS

### President and Secretary of Oleomargarine Manufactory Arrested.

Chicago, April 23.—John J. Jolke, president of the Iron Oil Brum & Pitts, oleomargarine manufactory, and one of the wealthiest men in that business in the west, with F. M. Lowry, secretary of the company, were arrested to day on federal warrants charging them with making false reports to the internal revenue department. They were released on \$5,000 bonds each. It is alleged that persons whom the company's books show purchased oleomargarine, declare they did not buy it from Brum & Pitts. Jolke declares he had violated no law.

### DOLAN GAVE UP BOOKS.

Pittsburg, Pa., April 23.—Counsel for Pat Dolan, deposed president of district No. 5, United Mine Workers of America, to day turned over the books of the organization to the new secretary-treasurer, John Hurley, but some eighteen or twenty thousand dollars of the organization's funds are still held by Dolan until settlement of the question of president, and as such Hurley must file a bond with him. Hurley has already filed the bond with the newly elected president, Frank Pohan, whom Dolan does not recognize.

### PACIFIC SQUADRON

### Put to Sea Soon After Shock but Returned on Receipt of Wireless Message.

San Francisco, April 23.—Fifteen minutes after the earthquake in San Francisco last Wednesday the Pacific coast squadron put to sea. Not a man on board any of the four vessels composing the fleet was aware of the disturbance. At 11 o'clock that morning, while many miles from shore, a wireless message from one of the Southern California stations was received and Admiral Goodrich was apprised of the disaster in the city. The Boston returned immediately to San Francisco harbor and remained long enough to take aboard many tons of supplies from Los Angeles. Lieutenant Commander Brand of the Boston said that had it not been for the wireless service the squadron would have known nothing of the earthquake and fire.

### NOT OPERATORS' FAULT

New York, April 23.—Representatives of the anthracite operators to day announced they have received a letter from President Mitchell, in which he stated he would submit to the executive committee of the miners the operators refused to submit all differences to arbitration. The operators also issued a statement calling attention to what they consider dilatoriness on the part of Mitchell, and declaring that delay in concluding the negotiations is not caused by the operators.

### CHERRIES BROUGHT BIG SUM.

Philadelphia, Pa., April 23.—A box of California cherries, the first received here this season, was sold to day for \$2.40 and the money added to the relief fund. The cherries were sold singly, the first one going at \$10 and the other at prices ranging from \$100 to 50 cents.

### CONFESSED TO MURDER

### Inmate of Indiana Reformatory Tells of Crime Committed.

Jeffersonville, Ind., April 23.—William Eugene Cook, an inmate of the Indiana reformatory at Jeffersonville, has confessed that he is the murderer of John E. Perkins, who lived near Granger, St. Joseph county, Indiana, and that he set fire to the home for the purpose of erasing the body and hiding the crime. According to Cook's confession, the crime was committed during the week following the November election in 1901.

### HUSBAND AND WIFE SUICIDE.

Chicago, April 23.—While despondent over poor health, Herman C. Wagner, 37 years old, and his wife committed suicide to night by turning on the gas. Both had been sick for some time.

### SHOCK IN OREGON.

Medford, Ore., April 23.—A slight but distinct earthquake shock was felt here at 2 o'clock this morning. No damage.

### VESSELS UNINJURED.

Washington, April 23.—Naval inspectors of government work on naval ships at the Union Iron Works, San Francisco, reported the plant slightly damaged and that the government vessels are uninjured.

### RHEUMATIC PAINS RELIEVED.

The quick relief from rheumatic pains afforded by Chamberlain's Pain Balm has surprised and delighted thousands of sufferers. It makes rest and sleep possible. A great many have been permanently cured of rheumatism by the use of this liniment. For sale by all leading druggists.

## WATER SCARCE IN THE CITY

### SYSTEM TORN UP BY EARTHQUAKE.

**Prominent Merchant of City Killed by Members of Self-Constituted Vigilance Committee—Big Supply of Food on Hand.**

San Francisco, April 23.—Water is still scarce in some sections of the city, but every effort is being made to increase the supply. An inspection of the system shows that at some points the pipes were badly twisted and displaced from the effects of the earthquake and these will have to be replaced by new ones.

One of the most unfortunate happenings since the city has been under joint police supervision of the government, municipality and state militia, was the killing to day of Maj. H. C. Tilden, a prominent member of the citizens' general committee and a well known merchant. The killing was done by three members of a self-appointed vigilance committee, who fired upon an automobile carrying Tilden, a friend and the chauffeur, who were returning from Menlo park, where Tilden had gone with his family. The three men displaying no badge of authority, ordered the party in the automobile to halt, following the demand almost immediately with a volley of pistol shots. Tilden was shot through the back and instantly killed, and the other occupants of the machine were wounded.

The citizens' general committee, of which Mayor Schmitz is the president, after the Mayor Schmitz in the preceding order, adopted resolutions at its session to withdraw the entire force of state militia. From this time on the city will be patrolled jointly by municipal police and federal troops.

There is a vast supply of provisions on hand for the people of San Francisco. Major General Kramm, chief of the commissary department of California, said to day that there were available 700,000 rations of supplies. Superintendent Smith of the branch of the United States mint, said to day operations could be resumed immediately. There is no lack of money at the mint and New York transfers upon that institution will be paid upon presentation.

### BIRTHDAY SURPRISE.

Miss Nina Obermeyer was treated to a very pleasant birthday surprise by a number of her friends Monday evening. The surprise was complete and a very pleasant evening was enjoyed with games and other pastimes. Refreshments were served. Those present were Misses Marie Stott, Lola Smith, Myrtle Thompson, Alice Thompson, Maude Rheinberger, Josephine Chambers, Nina Obermeyer and Deane Obermeyer; Messrs. Oscar Davis, A. Lukemeyer, Will Simpson, William Smith and John Hine.

### POLICE NEWS.

Walter Davis, keeper of a gaming house, and five inmates were arrested by Captain Kennedy and the night force. Peter Dillon was arrested for drunkenness by Captain Kennedy.

Herbert Fry was arrested for using abusive language by Patrolman Moore. Peter Harrison used abusive language and was taken up by Patrolman DeFreitas.

### AT THE GRAND.

The Seward Stock company opened a week's engagement at the Grand Monday evening before a house of fair proportions and presented a bill that was more than satisfactory to those present. "My Jinn" was the offering.

The Seward company has appeared in this city before to the credit of themselves and the pleasure of the patrons, and from appearances one would judge that the company had in no wise been weakened. All the parts were well taken and Fred Seward in the title role was an especial favorite, continually calling forth the plaudits of his hearers. Other members of the cast were also given a good reception, and the specialties were a pleasant feature. "The Black Eagle" is the bill announced for to night.

### WILL UNDERGO OPERATION.

Mrs. Ella C. Bradish left for Springfield yesterday to accompany Mrs. W. H. Bradish to Chicago, where the husband of the latter will be operated upon at the Presbyterian hospital Thursday for an affection of the esophagus. W. H. Bradish is vice president of the Springfield woolen mills.

## SUNDAY GAME WON BY KEOKUK

### Thousand People Saw Contest At West Side Ball Park—Took Eleven Innings To Settle Argument.

It was a great day for the "meat sweats," but even they complained at times of the chill and wintry feeling in the air. The cool zephyrs whistled around the corners and through the ventilators in the grand stand, bringing pleasant recollections of the overcast, misty and ear-bobs which had been left at home.

The ending of the game at 3:30 started an almost deafening clatter of yells and howling which continued throughout the game. At the close of the fifth inning the score stood 2 to 0 in favor of Jacksonville and this proportion stands fairly well as an estimate of the playing ability of the two teams. After the fifth inning the game developed into what might be termed a "pitchers' practice game," and both teams cut out all of his surplus for a workout in the box.

### INTERESTING EXPERIENCE

John R. Robertson Sees a Cyclone and Feels a Slight Shock of Earthquake.

John R. Robertson, cashier of the Jacksonville National bank, has just returned from Pasadena, Cal., where he went to bring home his wife and son and his wife's mother, who have been enjoying an extended sojourn in the land of winter sunshine and flowers. At the urgent request of the writer, Mr. Robertson narrated some of his experiences while absent from the city.

"On the way out on the Santa Fe road, while near Stratford, Kan., the train was suddenly stopped and we saw a slight I shall never forget. All about us the sky was clear and the sun shining, but in one direction ahead of the train there was a huge cloud of a dark color and very forbidding in appearance. From it depended a funnel shaped extension to the earth, and this revolved in the usual rotary style and the whole was moving rapidly toward the northeast, as is usual with such phenomena. It was traveling with great rapidity and crossed the track ahead of us quite a distance and went on its career without doing any damage until it was about three miles away, when it dipped to the ground where there was an open prairie, and at once the dirt flew up all around us as if struck by a tremendous power. Again it arose and seemed anxious to find something of a more tangible nature, and about fifteen miles away it struck a small grove, scattering the trees in all directions. Not satisfied with this, it arose and again descended about twenty-five miles away, as nearly as we could judge, and this time it had a small town for its prey and it at once undertook a greedy enjoyment of its power. We could see the steeple of a church scattered to the winds and other destruction, though we were some distance away, but the conductor and brakeman gave us a good idea of our destination and surroundings. The train escaped all injury, but the country beyond suffered materially. After it had done up the town it split and again went on with its work of destruction, and later on we heard of its escapades. It was certainly a grand sight and if we had had a good kodak along we could have made an interesting lot of pictures ourselves.

We arrived in Pasadena the 14th. In the evening, and the next day I shall never forget. The sky was clear and recent rains had refreshed the earth and all nature was smiling, and trees and flowers were lovely. The various churches were crowded and all seemed to be in the best of spirits, little dreaming of the awful calamity so near at hand. Wednesday morning we felt absolutely nothing of the earthquake at San Francisco, but all soon enough the telegraph brought the word and boys were on the streets shouting their papers from that time on. There was great consternation, especially among the timid ones, and people began to leave or make arrangements to do so as soon as possible, while others swarmed in front of the windows of newspaper offices, watching the bulletins displayed in the windows. All who lived at a distance became especially uneasy and those who had intended going at all soon began to get out as rapidly as possible. Thursday near noon came the shock which was felt where we were. I was on the street at the time and felt the sensation peculiar to such disturbances, but there was nothing at all serious and it was over in a few seconds, but it served to intensify the fears of some and to hasten their departure as rapidly as possible. As soon as the unfortunate ones could get away from San Francisco they did so and some reached Pasadena Thursday, and all had tales of horror to relate.

"On our train home there were five who were in the ill fated city and their experiences were detailed. One gentleman was sleeping in the seventh story of the Mount Pleasant hotel when the shock came; one was in the sixth story of the Palace, and two others, a gentleman and wife, some 65 years of age, were in the same building. They walked six miles and carried heavy baggage with them. The old lady came near leaping from the window of the hotel when the crash came and had to be restrained by force. The building was twisted, but not thrown down, as it was well constructed.

"The first mentioned gentleman slept all night in the Pasadena and next morning was so stiff he could hardly walk and was helped along to the ferry by an army wagon. In the ruins of several buildings were seen dead bodies and sometimes they could see persons badly wounded crying for help, but none could be afforded them. Two gentlemen had \$3,000 worth of goods in trunks, which they offered an express man \$500 to move to a place of safety, but he refused. A millionaire and wife walked to Nob hill, the lady carrying forty pounds of luggage. One man saw an automobile in the street and bought it then and there just to enable himself and family to escape from the ruins about them. One man asleep in the Palace hotel when the crash came was thrown from his bed and a large clothes press landed on top of him. He, too, was on our train home, but before leaving he contributed \$500 to the relief fund. The people seemed maddened with terror and fought to get out of the city, and many pitiful scenes were witnessed. Some would get well toward the ferries and find their way hopelessly blocked by debris or fire, while others would reach the water front only to find it impossible to get any farther. There is no end to the stories that could be told of the disaster and the experiences of the people."

### MALARIA AN INSIDIOUS FOE TO HEALTH

Malaria is an atmospheric poison which we unconsciously breathe into our lungs through the impure air arising from low, marshy places, stagnant ponds, damp cellars, sewer pipes, improperly ventilated houses, decaying vegetable matter, etc. Day after day these germs and poisons are taken into the lungs, and as the blood passes through them, it becomes infected with the poison and in its circulation distributes the microbes of disease to all parts of the body. Malaria is a very insidious disease; it gives no warning of its coming until the circulation is filled with the poison and this foe to health has the system at its mercy. The blood becomes polluted, thin and weak and its slow, irregular circulation fails to properly nourish and strengthen the body. Then the entire system is attacked, and if the germs and poisons of Malaria are allowed to remain the strongest constitution will break down. No one can feel well when the system is in a malarial condition; the vitality is weak, the appetite poor, digestion deranged, the complexion grows sallow and the entire body feels the effects of the poison. Malaria must be removed from the system through the circulation and the only medicine that can accomplish this is S. S. S. It not only cleanses the blood of all unhealthy morbid matter, but destroys the germs, cures Malaria and restores this vital fluid to a strong, healthy condition. S. S. S. is made of roots, herbs and barks combining purifying and tonic properties which keep the blood free of all poisons and the system in perfect condition. While destroying the germs of Malaria and building up the weak, polluted blood S. S. S. gives tone and vigor to the entire system. Book on the blood and any medical advice without charge.

### CALLED BY DEATH

Hon. John Gordon Peacefully  
Breathes His Last at His Residence in This City.

For some weeks the health of Hon. John Gordon has been in a precarious condition and Monday night about 8:30 he quietly breathed his last. Last fall while in Lynnville, he met with an accident, injuring him in such a manner that he had not since been well and which hastened his death.

He was born near the present homestead in Lynnville precinct, July 30, 1824 and his home has always been in this county. He spent some years in Steubenville, Ohio, studying, but that was all the time he was away from his native state to any extent. His father was of that fine stock, Scotch-Irish, and came from the north of Ireland to this country at an early day. He wedded one of the fairest daughters of Pennsylvania and came to this state and county when Jacksonville was yet almost unknown save for a few scattering dwellings and here he did much to forward the interests of the community in which he lived. He passed away when his son, John, was but 18 years of age and the latter being the oldest of the family, had to be father and brother both. When his mother was young she was courted faithfully by a young man named Heaton but she also was wooed by young Gordon and chose him for her husband.

After she had been a widow three years her former lover appeared and as he had never loved or courted any other than herself she listened this time to his suit and they were married. He was well fixed with worldly goods and made a good step father to the children, and to him and his wife one son, Samuel, was born, and now lives a short distance southwest of Lynnville, widely known and respected.

Mr. Gordon devoted himself mainly to farming and amassed a handsome fortune and at the same time making many friends by his ability and upright conduct. He was interested in a store and pork packing house in Lynnville also for some years. In 1879 he embarked in the grocery business in this city as a partner of John R. Lorr and continued in that relation a few years. In 1880 he was appointed postmaster of the city and served with acceptance until 1884, when he was relieved by the Democratic administration. Since that time he has given his attention almost exclusively to his farm, near Lynnville.

Mr. Gordon was an ardent Republican and a successful politician and always honorable to an opponent, both in his own party for nomination and toward a foe against whom he was running. He had great influence with a large constituency and he was respected and admired for his ability and his advice was much sought. He was a member of the legislature in 1872 and 1874 and many good measures counted him as their able friend. The large building at the State School for the Deaf in which the chapel is located, was erected largely through his efforts and his aid.

He was a member of the Masonic fraternity of this place, Harmony lodge No. 3, Jacksonville Chapter Royal Arch Masons No. 3 and Hospitalier Commandery Knights Templar No. 31. He also belonged to the Odd Fellows.

In early life he united with the Christian church at Lynnville and to his death he was a faithful member of that communion and always did honor to the cause. He was ever every spirited and ready to advance public good enterprise. In keeping with that spirit he was one of the stockholders and incorporators of the Home Woven Mills which burned in 1878, just as they seemed on the verge of prosperity and his heavy loss he cheerfully bore without a murmur.

In 1850 he was united in marriage to Mrs. Sarah Funk Campbell who had one little daughter, nine months old. Now the honored and respected wife of Samuel Heaton, already mentioned. To her he was always a father in every sense of the word and she never knew any other as her own lost life in seeking gold in California. He and his wife lived most happily together until Sept. 10, 1874, when death claimed the faithful wife. She left several children, Mrs. Virginia Vasey, of this city; Mrs. Lilly Arce, of Ogdin, Utah; Miss Louise Gordon, of Mexia, Texas; Mrs. Jessie Johnson, of this city; Edgar, of Scott county, and Judge John B. and Frank T. both of Seattle, Wash.

Sept. 14, 1879 he was married to Mrs. F. E. Davison, who is the mother of one son, Harry, now of St. Louis, and who survives him.

Mr. Gordon's brothers and sisters were William M., of Scott county; David B. dead; Mrs. Mary H. Carter, of this city; Mrs. Lilla Jones, of Lynnville, and Mrs. Sarah Beesley, of this city, and his half brother, S. W. Heaton, of Lynnville.

Mr. Gordon's life was long and eventful and he had his share of trials and disappointments, but he bore all with bravery and fortitude and won the respect of all who knew him. He was a faithful friend, honorable in business and upright in his dealings. He was one ready to do all in his power for the welfare of the

community in which he lived and he will be missed by many, while he leaves to his family the legacy of a good name.

The time for the funeral has not yet been arranged.

### SPECIAL TAXATION NOTICE.

Notice is hereby given to all persons interested that the city council of the city of Jacksonville, having ordered that a brick pavement curb be constructed on South Main street in Jacksonville, Illinois, between the public square and the south side of College avenue, the ordinance for same being on file in the office of the city clerk, having applied to the county court of Morgan county for an assessment of the costs of said improvement, according to benefits and an assessment therefor having been made and returned to said court, the final hearing thereon will be had on the 10th day of May, A. D. 1906, or as soon thereafter as the business of the court will permit. All persons desiring any file objections in said court before said day or may appear on the hearing and make their defense.

Said special assessment shall be divided into ten installments, which installments shall all be equal in amount except that fractional installments shall be added to the first, and shall be due and payable on the 2d day of January next, after completion and acceptance of the work, and the second installment one year thereafter, and so on annually until all are paid. All installments shall bear interest at the rate of 5 per cent per annum.

James H. Danskin,  
Commissioner of Special Taxation.

### "BE NOT DECEIVED."

Under the above heading the Journal recently gave the history of a family which had been living off the public. Evidently publicity was effective, for last week the entire tribe moved to another state, after soundly berating the Associated Charities for interfering and promising to "send the secretary to jail for two years."

The woman confidentially told a friend that "she hated to leave Jacksonville for she knew she could make a good living here begging and she did not know what they could do in that line in the place to which they were going."

No deserving person should suffer here. Surely we have enough for all. Surely there are enough with plenty to help all who through misfortune are in want. Enough is given by our people, but the trouble is, it is too often misdirected. A pitiful story well told brings assistance where assistance is neither needed nor deserved. People who give indiscriminately encourage fraud. "Be not deceived." Know what you are doing. Many are the tricks of the professional mendicant. The Associated Charities makes it a business to look up all cases reported. Call on the secretary. She will report to you the facts after full investigation. That is her business. The Associated Charities is a clearing house for the charitable work of the city. Every time a plea is made for help just remember, "Be Not Deceived."

## FUNERALS

LIPSCOMB.

Brief services over the remains of Miss Georgia Lipscomb were held Sunday morning at 8 o'clock at the Reynolds undertaking parlors, in charge of Rev. J. O. Derriek. At the conclusion of the services the remains were sent to Winchester, Tenn., for interment. Mr. and Mrs. Cupid Mosely accompanied the remains.

The summer season is almost here. Now is the time to make arrangements for pure drinking water. Order Gravel Springs.

### TO AILING WOMEN

A Little Sound Advice Will Help Many a Sufferer in Jacksonville.

No woman can be healthy and well if the kidneys are sick. Poisons that pass off in the urine when the kidneys are well are retained in the body when the kidneys are sick. Kidneys and bladder get inflamed and swollen, crowding the delicate female organs nearby and sometimes displacing them. This is the true cause of many bearing-down pains, lameness, backache, staidache, etc. Uric poisoning also causes headaches, dizzy spells, languor, nervousness and rheumatic pain.

When suffering so, try Doan's Kidney Pills. The remedy that cures sick kidneys. You will get better as the kidneys get better, and health will return when the kidneys are well. Let a Jacksonville woman tell you about Doan's Kidney Pills. Mrs. W. H. Later, of 612 East street, south, says: "I had heavy aching, bearing down pains in my loins and kidneys. I could not rest at night, and often got up in the morning feeling more tired and worn out than when I went to bed. The kidney secretions were irregular and deposited a heavy sediment. I also suffered a great deal from headache and dizziness. I tired very easily and the least cold or overexertion made me much worse. I was advised to try Doan's Kidney Pills and got a box at Dr. H. Lee Haddock's drug store and began their use. The distress in my back left me and the secretions became regular and normal."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States.

## ANNUAL OPEN MEETING HELD

By Phi Nu Literary Society  
—Fine Program By Woman's College Organization—Large, Appreciative Audience Present.

Phi Nu Literary society held its annual open meeting in the chapel of the Women's college Monday evening. A large number of former members and friends were present and heard a fine program. It was opened with a piano selection by four of the members, Misses Morgan, Postel, Lard and Cannon, who rightly deserved the hearty applause they received. Margaret Eaton, '08, was the orator of the evening and in a thoughtful production entitled "Our Obligations to the Underling" showed the importance of youthful training.

The recitation, "A Summer Idyl," by Miss Stevens, fully convinced the audience that she possesses rare gifts in child language.

After a vocal solo by Miss Coe, who was enthusiastically cheered, an excellent essay on "The Bliss of Ignorance" was read by Miss Nellie Holback, '06. The important place which the ignorant person occupies in all conditions of life was the leading thought.

An original story, "The Mascot," by Margaret Potts and Hortense Corbett was well written and the ample illustrations by Mabel Shuff displayed her gifts as an able artist.

The monologue "In a Shoe Shop," by Gladys Maine, evoked much laughter and applause. After a vocal duet, "The Hymnsters," by Misses Sidell and Bennett, the question "Whether it would be wise to introduce the German school system in America," was discussed on the affirmative by Jennie Harker, while Rena Crum upheld the negative. Both speakers produced many strong points on which to base their arguments.

The "Spring Song" by chorus, was the last number and the Phi Nu song rounded the program.

The biggest vaudeville attractions ever witnessed in Jacksonville at the

## SCHOLARLY ADDRESS WAS

**DELIVERED BEFORE LITERARY UNION BY HON. STUART BROWN**

**Of Springfield On Occasion of Forty-Second Anniversary of Organization — Subject Was "Kaskaskia Days and Ways."**

Members of the Literary Union and their invited guests were present at Academy hall Monday evening on the occasion of the annual open meeting. Dr. and Mrs. F. S. Hayden were the host and hostess and the gathering took place in the music studio of the building.

Hon. Stuart Brown, of Springfield, was the guest of honor of the evening and his scholarly, comprehensive, finely written and entertaining presentation of "Old Kaskaskia Days and Ways" afforded a highly profitable as well as pleasurable feature of the program which was in all respects enjoyable.

Dr. J. R. Barker, of the Woman's college, retiring president of the union, was the first speaker, and delivered in a happy vein the "Ex-Angular Address." The inaugural address by the new president, Hon. Frank J. Heintz, was given in which were some very pertinent references to the early history and development of Illinois, making a fitting and timely preface to the paper read by Mr. Brown.

Dr. A. B. Morcy, as secretary of the society, received the work of the year in an exceedingly clever manner and gave his auditors an insight into the peregrinations of the society in the realms of politics, religion, art, literature, science, history, using the simile of a train, with its termini, and following it along its devious paths as it rounded curves, made stops and starts, and ascended and descended amidst the valleys and heights of ancient and modern lore. In his reference to the "forers" and "agers" of the union he avoided a classification and likewise a wreck. It was a delightful method of treating a too often very prosy part of a club program.

An instrumental dual piano number by Mr. F. L. Woodmansee was next given and the fine interpretation of the "Nocturne," by Schmitt, and "Waltzer," by Moszkowski, was received with hearty favor.

The address of Mr. Brown followed the musical selection and was heard with keen interest. The speaker began with a few remarks relative to the rights of discovery and hurriedly discussed English, Spanish and French territorial rights in America. The lodges of the prominent Indian tribes was marked in passing and a high tribute paid to the bold spirit of Father Marquette that led him into the center of Illinois.

Here the speaker gave a fine pen picture of Illinois, chronographically considered, which was followed by an equally graphic and entertaining topographic description of the site of Kaskaskia.

How this old town became a trading post, how it was settled by the French, how its inhabitants escaped annihilation through the intervention of the Missouri tribe of Indians, how it was made by authority of the French government the principal governmental settlement between the Allegheny mountains and the Rocky mountains, how it became the territorial capital of Illinois, how it lost its prestige with the progress of time and events, its people, their characteristics, the transformation from the cultured civilization incident with predominance of the French and its dissolution with the incoming of the ruder customs and manners of life of the English cow boy and frontiersman. The dispersion of the tribe of the Kaskaskias and their final migration to the Indian Territory, were all given in brief paragraphs.

graphic treatment that made a complete narrative of unusual interest. Elegant diction and a superb manner of delivery added force to the presentation of this historic subject.

Following the address of Mr. Brown, Prof. John H. Woods, the oldest member of the union, was introduced and his two letters descriptive of a personal visit to Kaskaskia in the years 1882 and 1890 respectively, were most fitting afterwords to the philosophical treatment the subject had received at the hands of the previous speaker. Mr. Woods told of the difficulties encountered in reaching the erstwhile capital, of his visit to the house of the parish priest and his inspection of the parish records reaching back to 1636, of his visit to the home of Edward Menard, son of Pierre Menard, first lieutenant governor of Illinois, and of his suggestion that the state appropriate a large sum of money for a monument to mark this spot so rich in historic interest, (which was followed by an appropriation for such purpose by the state, swayed by what influence he knew not, but for which he was too modest to take the credit) the visit to the great works used when the place was fortified, these and numerous other incidents were mentioned in a manner characteristic of Mr. Woods' rare ability for observing things.

A violin number, "Humoresque," by Gottschalk, skillfully played by Prof. Haberkorn, brought to a conclusion the formal part of the program.

Those present then mingled socially and an informal reception followed which permitted the guests to express their pleasure to Mr. Brown for the rare treat of the evening. During this time light refreshments were served.

Mr. Brown was the guest of Mr. and Mrs. Thomas Worthington.

### REAL HAVANA FOR FIVE CENTS

**Armstrong Drug Co. at Last Find a Nickel Cigar Worth Smoking.**

When the Armstrong Drug Co., who probably have the largest sale for high grade cigars of any dealer in Jacksonville, heard that a long Havana filler cigar was being retailed for 5c, they were naturally incredulous. As they wanted to give their customers the best cigars for the least money they got a sample box of the Wadsworth Bros' Chicos.

The samples were all right and they ordered a trial 1,000 to see how they would please their trade. The result was wonderful, as men who had been buying ten and fifteen cent cigars said they preferred the Chicos. It is a good and satisfactory smoke with a clear Havana aroma.

Try a Chico to day and you will enjoy it if you like a good cigar.

### CHICAGO GRAIN LETTER.

Chicago, Ill. April 23.—Wheat—The market opened with a noticeable strength in the far months. Trade was light and the May nervous, in order to change half a million to July started the slump, which brought out local pit holdings and at the worst the May and July were practically at a parity. The Kansas report makes a loss in the acreage due to winter killing of 10 per cent, and the condition of the crop is not good. The crop is stated to be backward, but healthy. The May delivery promises to continue erratic until the open interest has liquidated.

Corn—Liverpool advanced sharply, closing ½¢ higher on good demand and world's shipments of less than 2,000,000 bu. The market was held in check by reports of an improved movement in Nebraska, which would result in a consequent. The cash market was ½¢ lower.

Oats—Oats were not moderately traded in, closing a shade lower. The Kansas report indicates a somewhat smaller acreage. The cash market was about ½¢ lower. The demand is good.

Provisions—Provisions declined sharply because of the increased hog movement, which caused rather free selling by local long and outside holders.

### STAR COMMISSION CO.

(By Associated Press.)

Chicago, April 23.—The following shows amount of grain received at and shipped from this point:

### CHICAGO LIVESTOCK MARKET.

Chicago, April 23.—Cattle—Receipts, 25,000. The better class of cattle brought steady prices, but other descriptions were weak and largely 6¢ to 6½¢ lower. The demand was slow. Butcher stock was fairly active at easier prices.

Hogs—Receipts, 41,000. The market was fairly active for the first of the season, and of the average, with sales at \$12.50 to \$13.00, the great part selling at \$12.50 to \$13.00. Good to choice, \$12.50 to \$13.00; light, \$12.00 to \$12.50; heavy, \$11.50 to \$12.00.

Sheep—Receipts, 25,000. The general demand was lively. Prices were strong for desirable lots, the choice sheep and lambs selling 6¢ to 6½¢ higher.

### ST. LOUIS LIVESTOCK MARKET.

St. Louis, April 23.—Cattle—Receipts, 30,000. The market was steady. Choice steers, \$12.00 to \$12.50; stockers and feeders, \$11.00 to \$11.50; cows and heifers, \$10.00 to \$10.50. Hogs—Receipts, 5,000. Prices were 5¢ lower; range, \$5.00 to \$5.50.

### DEATH RECORD

WEIL.

Mrs. Joanna Weil, widow of the late Edward Weil of this city, died at her home in Chicago at 7:30 p. m. Sunday. She was for a long time a resident of this city and had many friends, who will remember her with pleasure. She was a highly estimable lady and possessed many excellent qualities. For some years she had made her home with her daughter, Mrs. Ben Rosenheim, of Chicago, whither Mrs. L. Seeburger went to live after her husband's death. Mrs. Weil's maiden name was Hammer-slough and her family had in it many members of prominence. She leaves her two daughters mentioned above, and one son, Julius, one of the leading business men of the great city.

The funeral will be held to day and interment will probably be in Chicago.

SWINGLE.

Whitney E. Swingle, five-year-old son of Mr. and Mrs. Dillon Swingle, of Springfield, died Monday morning at 4 o'clock at the home of his parents, 299 Monroe street. Death was due to an affection of the heart. The death is a very sad one as Whitney was a peculiarly bright child and was an only son. The many friends of Mr. and Mrs. Swingle, who went from this community so recently, will share with tender sympathy the affliction of the bereaved parents.

The funeral will take place Wednesday morning at 10 o'clock, with Dr. A. B. Morey, of this city, in charge. Interment will take place in Indian Point cemetery at Athens.

The CHICAGO & ALTON railway company will have on sale April 25 to May 5 cheap rate excursion Jacksonville to Los Angeles, Ocala, and return, account Imperial Council Ancient Arabic Order Nobles of Mystic Shrine convention, National Congress of Mothers. For full information call or address H. E. Paul, Agent, C. & A.

### HOSPITAL AID SOCIETY

Some Account of Its Work.

As is probably well known to most readers of the Journal, the Ladies' Hospital Aid society is organized for the purpose of assisting the work of Passavant hospital, and the noble cause is indebted to these good women to a degree in no wise small. The society began the year's work Oct. 5, 1905. During the year thirteen meetings were held with an average attendance of twenty-three. The society has a membership of 115; eighty-four active and thirty-one contributing. Ten visitors were present during the year.

Thanksgiving donations were as follows: Fifteen dollars in cash, ten jars of fruit, five glasses of jelly, one gallon of orange juice, 10 cents worth of crackers, twenty towels, one pair blankets, two pillows, one screen, fifteen bars of soap, one pound of tea, one dozen oranges.

Work done by the society: Gowns, 1; pillow slips, 75; sheets, 66; dust cloths, 15; tray cloths, 7; towels, 56; napkins, 134; table linen, 4; "T" bands, 11; sash curtains, 13; blanket markers, 11. All made and marked.

The last meeting of the year was held with Mrs. G. E. Doying, when the officers for ensuing year were elected as follows: President—Mrs. E. Frank Patterson. Vice president—Mrs. J. W. Miller. Secretary—Mrs. Thomas Scott. Treasurer—Mrs. George Hollinger.
